Phyllis Bodel Childcare Center at Yale School of Medicine

Kindergarten Program

Program Philosophy:
The Phyllis Bodel Childcare Center Kindergarten at Yale School of Medicine is a nationally accredited, developmental program that embraces the many areas in which children learn; physical, social, emotional, and intellectual. Learning at the Center takes place through stimulating experiences provided in a warm, supportive setting that meets each child’s unique individual needs.

Full Day Program:
Our Accredited Kindergarten, which is entering our second decade, provides a full day program. The Kindergarten focuses on skills for social competence along with providing academic opportunities at a pace that allows each child to reflect on their learning.

The Center is open 7:30 am – 5:30 pm with Kindergarten instruction from 8:30 am – 3:30 pm.

We follow the Medical School Calendar and are closed major holidays and the week between December 24 – January 1.

Class size: 10

Join us for an Open House and Tour Tuesday April 3rd 2:30-3:30 pm
For more information and an application please visit our website Bodelchildcare.org or call the Center 203-785-3829

Accredited by NAEYC’s National Academy of Early Childhood Programs
